This report was conceived by the National Resident Matching Program Board of Directors and its Data Release and Research Committee (DRRC). Also contributing ideas and impetus for the work were the Administrative Boards of the AAMC Organization of Student Representatives and Council of Deans, as well as the Steering Committee of the AAMC Group on Student Affairs.

The authors owe a special debt of gratitude to Henry J. Schultz, MD, chair of the DRRC, whose careful reading of the draft manuscript led to a substantially improved document, and the National Board of Medical Examiners (NBME) and the Educational Commission for Foreign Medical Graduates (ECFMG) for graciously allowing the use of USMLE Step scores. AAMC Senior Vice President Robert F. Jones, Ph.D. and NRMP Executive Director Mona M. Signer provided support and guidance.
