View Unfilled List of Programs:

The *Unfilled List* displays information about programs that did not fill all positions when the matching algorithm was processed. The *List* is provided to assist unmatched applicants in identifying and contacting programs about their open positions. Phone and e-mail contact information may be included, if provided to the NRMP by the programs.

This *List* is posted to the R3® system at 12:00 p.m. eastern time on Match Day and can be updated by programs as they fill their positions. To secure a fellowship position, unmatched applicants must contact programs directly after the Match has concluded.

- 1. There are two options for viewing the Unfilled List of programs and program contact information.
 - a. Click the **Unfilled List** link in the Match Results message on the Match Home Page.
 - b. Click Menu → Options → Unfilled List.
- 2. A summary of all unfilled programs by specialty displays. Click a specialty to view programs that participated in the Match and did not fill all positions.
- 3. The report opens. The information in the report includes contact information for each program (if the program provided those details to the NRMP).

View Reports

Reports are available for viewing and cannot be modified. They may be saved or printed.

- 1. Click the Menu.
- 2. Click Options.
- 3. Click Reports.
- 4. Active reports are hyperlinked in blue. Click a report title to view it. If a report is not available, the date and time the link will become active is provided next to the report title.

NOTE: Reports will display or download differently depending on the report type. Reports may:

- a. Open in a new browser window (the dates shown are only for example).
- b. Download automatically to the folder you've designated for your computer or mobile device.

MATCH REPORTS

Applicants have access to the following reports in the R3® system. These reports provide additional information related to the final Match outcome.

Institution and Program Violations

The *Institution and Program Violations* report displays information about graduate medical education institutions and programs that have violated the National Resident Matching Program's Match Participation Agreement.

Match Outcome for All Programs by State

The *Match Outcome for All Programs by State* displays information about the Match results for all participating programs, organized by state and institution, and shows the number of positions offered and filled for each program when the matching algorithm was processed. This report is posted to the R3 system at 12:00 p.m. eastern time on Match Day.

Match Result Statistics

The *Match Result Statistics* provides detailed information about the numbers and types of programs, positions, and applicants in the Match. In multi-specialty Matches, individual subspecialty breakdowns are included along with the overall statistical information. This report is posted to the R3 system at 12:00 p.m. eastern time on Match Day.
