Fellowship Match Program Checklist

Check the Schedule of Dates for your specific Match events.

Registration

- **Register for the Match.** NRMP accounts are assigned to the user, not the institution or program. Users must not share their username and password.
  
  o **New Program Director/Coordinator:** Create your individual account in the Registration, Ranking, and Results® (R³®) system using the token link sent by email when the Match opens.

  o **Returning Program Director/Coordinator:** When the Match opens, log in to the R³ system by entering your username and password.

- **Set a program coordinator.** If desired, program directors can add or update a program coordinator in the R³ system to assist with the matching process. The coordinator must create an individual account. It is a Match violation if the coordinator uses the program director’s log in credentials.

- **Contact the program’s NRMP institutional official (IO) to activate the program for Match participation.** Programs will not be able to update any program or quota information until the program has been activated. During the Match, the IO must approve all quota changes, reversions, and other program changes.

- **Watch video** on “Institution and Program Match Process” and view resources on managing programs.

- Ensure all staff involved in the interview and matching processes understand and adhere to the terms of the Match Participation Agreement and Code of Conduct.

- Once your program has been activated, update your program quota in the R³ system. The quota is the number of fellows NRMP will attempt to match to your program for the appointment year, and NRMP pre-loads the R³ system with the final quota from the prior-year Match. The program quota must be finalized by the Quota Change Deadline. Some Fellowship Matches have voluntarily implemented the All In Policy, which requires programs to attempt to fill all positions in the Match if registered for the Match.
• **Update the program’s public contact information.** This information is under the Program Directory Information tab in the R3 system.

• Before offering applicants interviews, **use the Applicant Match History** in the R3 system to determine whether applicants have Match commitments or are eligible for appointment.

• Remind all applicants your program is participating in the Match and to register for the appropriate Match.

• Provide applicants your NRMP program code(s) so they can easily find and rank your program in the R3 system.

**Ranking**

• **Begin creating the program rank order list (ROL) in the R3 system.** The ROL is the list of applicants, ranked in order of preference, whom the program has interviewed and wishes to train.

• **Set up reversions in the R3 system,** if necessary. Reversions must be entered and approved by the Rank Order List Certification Deadline.

• **Finalize and certify your rank order list by the Rank Order List Certification Deadline.** To participate in the Match, the rank order list must be certified. Do not wait until the last minute to enter and certify the ROL. Program coordinators are prohibited from certifying rank order lists.

**Results**

• **Check your Match results** by logging in to the R3 system at 12:00 p.m. ET on Match Day. Go to “My Reports” and click *Confidential Roster of Matched Applicants* to find out who matched to your program. Other reports of interest are the *Match Results Statistics* and the *Match Results by Ranked Applicant.*

• **Print/save copies of reports** you wish to retain for archival purposes. Approximately six months after Match Day, the database will be closed and reports no longer will be available in the R3 system. Historical reports can be requested for a fee.
