The Matching Algorithm

The algorithm is applicant proposing - the process begins with an attempt to match an applicant to the program ranked #1 by that applicant.

A tentative Match occurs if the program also ranked the applicant:

- and the program has unfilled positions OR
- the program is filled but the applicant is ranked higher than another applicant already matched tentatively to the program.
How the Algorithm Works
The Matching Algorithm (cont.)

There is NO match if:
- the applicant did not rank the program, OR
- the program did not rank the applicant, OR
- the program and applicant ranked each other but the program filled with other applicants more preferred by the program.

Matches are FINAL when:
- the algorithm completes its cycle through all applicant rank order lists and tentative matches are confirmed.

Couples match when:
- the algorithm is able to place BOTH partners in their highest ranked pair of programs on the primary list.
Reversions?

• Donate unfilled positions in one program or track to another during the matching process.
• The donor program reverts a specific number of its positions to a receiver program.
• The rank order list of the recipient program is used to fill the donated positions.
• Positions revert to the receiver program **only** if they do not fill from the donor program’s ROL.
Ranking Wisdom

Provide applicants your NRMP Program Code(s).

Rank applicants in the order of your true preference.

Rank only applicants who meet institution and program appointment requirements.

Placing an applicant on your ROL creates a binding commitment if a match occurs.

The program director is responsible for certifying the ROL or editing a certified ROL.

NRMP will not enter or modify rank order lists.
Match Policy

All In Policy

• Any program registering for the Main Residency Match must register and attempt to fill all positions through the Match or another national matching plan.
• Does not include PGY-2 or higher positions in specialties accredited to begin only at the PGY-1 level.
• Off-cycle training must begin before February 1.

Restrictions on Persuasion

• Programs cannot request applicants to reveal ranking preferences or the names, specialties, geographic locations, or other identifying information about programs to which they have or may apply.
• Be sure all institution staff who participate in interviews, decision-making, or who can speak for the program are aware of policies.
