Fellowship Match Applicant Checklist

Check the Schedule of Dates for your specific Match events.

Registration

- **Register for the Match** in the NRMP’s Registration, Ranking, and Results® (R3®) system. Programs cannot rank applicants until the applicant’s NRMP registration is complete. Registration resources are available to help you through the registration process.

- Read and review the Match Participation Agreement and Code of Conduct.

- Enter NRMP ID in MyERAS Personal Information section if the fellowship match is using ERAS® to process applications. Applicants can submit the ERAS® application to programs without an NRMP ID but should log back into ERAS and provide it so programs can find you easily during the ranking process.

- Download The Match PRISM app for Apple or Android to track, organize, and rate programs during interviews.

- Like and follow the NRMP on Facebook, Twitter, or LinkedIn for reminders and updates. Use #FellowMatch in social media posts.

- Interview with fellowship programs.

Ranking

- Access NRMP online resources for tutorials and information about creating and certifying a rank order list (ROL), participating in the Match as a couple, and how the matching algorithm works.

- Begin creating a rank order list (ROL) in the R3 system. Applicants should rank programs in order of TRUE PREFERENCE, not where they think they will match.

- Complete and certify the rank order list. Do not wait until the last minute to enter a ROL in the R3 system. NRMP will not enter or modify ROLs at any time during the Match.
