NRMP and the AAMC’s Electronic Residency Application Service (ERAS®) are separate organizations with separate systems.

• ERAS is the application service provided by the AAMC® where you will review applications and supporting materials.

• NRMP is the matching service where you will register both yourself and your program, rank applicants, and receive Match results.

• NRMP partners with ERAS and other application services to conduct SOAP®.

Programs and applicants register for both the application and the Match.

Welcome to the 2024 Main Residency Match. We are looking forward to another successful year! Below is information on how to register for the Match as well as links to Match resources and reports.

Registration
The NRMP Registration, Ranking, and Results® (R3®) system is used by all Match participants to register for the Match, submit rank order lists of preferred programs and trainees, and obtain Match results and statistics. Click the token link below to create your individual user account in the R3 system.

Your token link: https://r3.nrmp.org/validateToken?tokenCode=FakeTokenValue&testing=SerialAddress=FakeEmail&identifier=100

Be sure to save your username and password in a safe place, not through the password save feature in your browser. Note that use of the program director's username and password by the program coordinator to access the R3 system is a breach of the Match Participation Agreement and could result in sanctions.

Match Resources
Once you have created your account and registered for the Match, review the Match calendar of events and resources contained in the Programs and Institutions section of www.nrmp.org, including the Residency Program Checklist.

New Requirement to Disclose Application Service
In light of the various application services being used by some specialties and programs, there is a new requirement for programs to disclose to applicants, at the start of recruitment, the application service or process their program will require.

Program directors also will be required to choose which application service their program(s) will be using when they register with the NRMP for the Main Residency Match. After program director registration, this information can be updated in the Program Directory information tab and will be displayed to applicants in the R3 Program Directory.

Program Reports Available September 16
The Characteristics of Matched Residents reports will be available on September 16 in the R3 system (click "Reports" under "Options") for all programs that participated in the previous Main Residency Match.

For additional data and insights into the Match, view Residency Data and Reports as well as the new interactive Charting Outcomes™ Demographic Characteristics of Applicants in the Main Residency Match® and SOAP® on the NRMP website.

MATCH POLICY

Binding Commitment (Section 9.0)

• Upon conclusion of Match and SOAP, programs:
  
  o Are in binding commitment with an applicant and must offer an appointment as matched or offered.
  
  o Must begin training applicants on the start date specified in the appointment contract with the intent to complete the applicant’s training.

Applicant Match History (in the R3 system)

• Determine whether an applicant is eligible for appointment prior to offering interviews or if they have a waiver/violation history.

• Available in the R3 system year-round.

• Senior students and applicants who have not participated in an NRMP Match will not appear in search results.
VIEW APPLICANT MATCH HISTORY

The NRMP Match Participation Agreement prohibits a program from discussing, interviewing for, or offering a position to an applicant who has obtained a concurrent year position in another program through the NRMP or who is eligible as the result of a denied waiver or a confirmed violation. Applicants whose waiver requests are denied or who are found in violation of the Match Participation Agreement may be barred from accepting or starting a position in any program sponsored by a Match-participating institution, regardless of the program’s Match participation status. If that position has a start date within one year from the date of the NRMP’s decision, any program that discusses, interviews for, or offers a position to that applicant to commence training during the one-year period will be in violation of the Match Participation Agreement.

Programs shall not discuss an applicant or offer any potential position unless the program first has determined that the applicant is eligible for appointment. NRMP institutional officials and program directors shall determine the applicant’s eligibility by verifying the applicant’s PGY-1, PGY-2, or fellowship appointment status in the Applicant Match History. The Applicant Match History also will indicate whether an applicant has a waiver or violation history. Sanctions levied as a result of a denied waiver or a confirmed violation will be reflected in the Applicant Match History for one to three years or permanently, as determined by the NRMP. Term limits of any sanction(s) are included to identify the length of time the sanction is in effect.

The Applicant Match History can be used to conduct single or bulk searches of applicants:

- Extend interview offers that equal, but not exceed, the total number of available interview slots.

• All PGY-1 positions and PGY-2 positions in specialties accredited to begin at either the PGY-1 or PGY-2 level, regardless of whether the program begins in the PGY-1 or PGY-2 year.

• PGY-2 positions that are “reserved” for applicants eligible to begin advanced training in the year of the Main Residency Match.

• PGY-3 positions in Child Neurology.

All In Policy Does NOT Apply To:

MATCH POLICY

Complete, Timely, and Accurate Information

• Programs must provide complete, timely, and accurate information to applicants interviewed, including a copy of the contract and all institutional policies.
  • Pre-employment testing (e.g., illicit drug screening), background checks (e.g., criminal, financial, etc.), Visa sponsorship, and any other requirement(s).

• Requirement to provide complete, timely, and accurate information applies to all participant types in the Match, including applicants and their medical schools.

New:
• For the Main Residency Match and SOAP, programs must disclose to applicants, at the start of recruitment, the application service or process they will require.
MATCH POLICY

Restrictions on Persuasion

• Programs cannot request applicants reveal ranking preferences or the names, specialties, geographic locations, or other identifying information about programs to which they have or may apply.

• Programs cannot request that applicants reveal preference signal(s).

• Programs may not solicit verbal or written statements from an applicant implying a commitment to rank the program.

• Programs may voluntarily communicate to an applicant that they are viewed favorably and will be ranked.

• Be sure all institution staff who participate in interviews, decision-making, or who can speak for the program are aware of policies.
WAIVER AND DEFERRAL

If for any reason a matched applicant or program cannot or will not honor the binding commitment, a waiver or deferral must be requested from the NRMP. A deferral is not a waiver; it is a one-year delayed start of training. A deferral must be agreed to by both parties.

Waivers or deferrals can be requested for the following:

• Unanticipated serious and extreme hardship
• Change of Specialty (only for advanced position or a fellowship position)
• Ineligibility to begin training (delayed grad, incomplete PGY-1 year, etc.)
• Visa Issues
