The couple will match to the most preferred pair of programs where each partner has been offered a position.

* Applicants can rank multiple specialties. As an example, in 2024, 2,000 applicants matched to both PGY-1 and PGY-2 Anesthesiology positions; Of those applicants, 1,401 were U.S. MD seniors.

** Physician (R) positions are PGY-2 positions starting in the year of the Match that are reserved for applicants who have had prior graduate medical education. Physician positions are not available to senior medical students. In previous *Results and Data Books*, the numbers of R positions were small and they were included in the categorical position counts. In 2014, NRMP began listing R positions separately.

* Applicants can rank multiple specialties. As an example, in 2024, 2,000 applicants matched to both PGY-1 and PGY-2 Anesthesiology positions; Of those applicants, 312 were U.S. DO seniors.

** Physician (R) positions are PGY-2 positions starting in the year of the Match that are reserved for applicants who have had prior graduate medical education. Physician positions are not available to senior medical students. In previous *Results and Data Books*, the numbers of R positions were small and they were included in the categorical position counts. In 2014, NRMP began listing R positions separately.

▲ Denotes that the percentage increase in active applicants for this group was greater than the overall increase of 11.9% for all active applicants between 2020 and 2024.

* Applicants who submitted a certified rank order list of programs

Note: Match rates are based on all active applicants regardless of their ranking behavior. Therefore, applicants who matched to PGY-1 positions are counted as matched even if they ranked and did not match to a PGY-2 position.

Applicants who ranked only advanced and physician (R) programs are counted as unmatched in this table because they did not match to a PGY-1 position.

▲/▼ Denotes increase/decrease in number of positions filled by U.S. MD seniors of more than 10 percent and 10 positions between 2020 and 2024.

* Physician (R) positions are PGY-2 positions starting in the year of the Match that are reserved for applicants who have had prior graduate medical education. Physician positions are not available to senior medical students. In previous *Results and Data Books*, the numbers of R positions were small and they were included in the categorical position counts. In 2014, NRMP began listing R positions separately.

▼ Denotes increase/decrease in number of positions filled by U.S. DO seniors of more than 10 percent and 10 positions between 2020 and 2024.

* Physician (R) positions are PGY-2 positions starting in the year of the Match that are reserved for applicants who have had prior graduate medical education. Physician positions are not available to senior medical students. In previous *Results and Data Books*, the numbers of R positions were small and they were included in the categorical position counts. In 2014, NRMP began listing R positions separately.
