

## **Policy Corner – April 2024**

### **Requesting a Waiver or Deferral of Match Results**

The 2024 Main Residency Match has concluded, and as matched applicants and programs pivot toward onboarding activities, we wish to call out a few policy reminders. All matched positions and positions offered and accepted through the Supplemental Offer and Acceptance Program (SOAP) constitute a binding commitment. If for any reason an applicant or program cannot or will not honor the binding commitment, a waiver or one-year deferral must be obtained from the NRMP.

Here are some key elements regarding the [NRMP's policies](#) on waivers and deferrals:

- Neither applicants nor programs may release each other from a binding commitment. A waiver or deferral of the binding commitment may be requested only from the NRMP.
- A deferral is not a waiver. A deferral allows for a one-year delayed start to training and requires mutual agreement between the applicant and program.
- Applicants cannot apply, interview, or accept another position until granted a waiver, even if a waiver/deferral has been requested.
- Programs cannot discuss, interview for, or offer the matched position to others until a waiver/deferral is granted.
- Waivers may be requested for unanticipated serious and extreme hardship, applicant change of specialty, applicant ineligibility, applicant visa issues, or program closure/loss of accreditation. Waivers based on change of specialty apply only to applicants with an advanced position that begins the year after the Match or those with a fellowship position.
- If a waiver is not granted, the applicant and program are expected to honor the binding commitment.
