Correcting Myths and Misconceptions

NRMP is a matching program that allows participants to register for Matches, create rank order lists (ROLs), and receive Match results.

- NRMP and ERAS® or other application services are separate organizations and systems
- NRMP does not know who has applied to your program or who you have interviewed
- NRMP does not set eligibility requirements or qualifications for fellowship applicants
- NRMP does not know when program information changes on ACGME®

Match Roles and Responsibilities

- **Institutional Official (IO):** provides oversight for all programs in the Match, activates the Institution and/or programs, and approves changes (usually the ACGME DIO)
- **Institutional Administrator (IA):** assists the IO with administering programs in the Match
- **Program Director (PD):** manages the program's participation in the Match including activating programs, adding program tracks, entering reversions, changing the quota, certifying the rank order list (ROL), and editing a certified ROL
- **Program Coordinator (PC):** assists the PD with administering the program including viewing program details, entering the ROL, and updating program information

Only one program coordinator can be designated per program in R3.

The Matching Algorithm

The algorithm is applicant proposing

A tentative Match occurs if the program also ranked the applicant:

- and the program has unfilled positions
- OR
- the program is filled but the applicant is ranked higher than another applicant already matched tentatively to the program

The Matching Algorithm

The Matching Algorithm

There is **NO** match if:

- the applicant did not rank the program, OR
- the program did not rank the applicant, OR
- the program and applicant ranked each other but the program filled with other applicants more preferred by the program

Matches are **FINAL** when:

- the algorithm completes its cycle through all applicant rank order lists and tentative matches are confirmed

Couples match when:

- the algorithm can place **BOTH** partners in their highest ranked pair of programs on the list

Ranking Guidance

Provide applicants your NRMP Program Code(s)

Rank applicants in the order of your true preference

Rank only applicants who meet institution and program appointment requirements

Placing an applicant on your ROL creates a binding commitment if a match occurs

The program director is responsible for certifying the ROL or editing a certified ROL

NRMP will not enter or modify rank order lists
