The National Resident Matching Program® (NRMP®) is a private, not-for-profit corporation established in 1953 to optimize the rank-ordered choices of applicants and program directors for clinical training in the United States. The NRMP is not an application processing service; rather, it provides an impartial venue for matching applicants' and programs' preferences for each other using an internationally recognized mathematical algorithm.

The first Main Residency Match® ("the Match") was conducted in 1952 when 10,400 internship positions were available for 6,000 graduating U.S. medical school seniors. By 1973, there were 19,000 positions for just over 10,000 graduating U.S. seniors. Following the demise of internships in 1975, the number of first-year post-graduate (PGY-1) positions declined to 15,700; however, the number of PGY-1 positions gradually increased through 1994 before declining slowly until 1998. Since that time, the number of PGY-1 positions has only increased. This year, an all-time high 40,041 PGY-1 positions were offered, the twenty seventh consecutive annual increase. The total number of positions, at 43,237, also was an all-time high.

The trend in the total number of applicants is more dramatic, rising from 6,000 in 1952 to 36,056 in 1999. After a decline of 5,052 applicants from 1999 to 2003, the number had risen each year since the 2004 Match until 2022. In 2025, there were 52,498 registrants, representing an increase of 2,085 from 2024.

For more information about the NRMP, please visit: [www.nrmp.org](http://www.nrmp.org)

## Definitions/Organizations

ACGME Accreditation Council for Graduate Medical Education.

Active Applicant An applicant who submits a certified rank order list of programs.

All In Policy Any program registering for the Match must attempt to fill all positions through the Match or another national matching plan.

Applicant Type The NRMP classifies applicants for the Main Residency Match into eight types:

- *Senior Student of U.S. MD Medical School* (U.S. MD Senior): A student who graduated from Liaison Committee on Medical Education (LCME) accredited medical school between June 30 of the calendar year the Match opens and 9:00 pm eastern time on the Rank Order List Certification Deadline in the year of the Match; also referred to as a *MD senior*.
- *Senior Student of U.S. DO Medical School* (DO Senior): A student who graduated from American Osteopathic Association (AOA) Commission on Osteopathic College Accreditation (COCA) accredited medical school between June 30 of the calendar year the Match opens and 9:00 pm eastern time on the Rank Order List Certification Deadline in the year of the Match; also referred to as a *DO Senior*.
- *Previous Graduate of U.S. MD Medical School* (U.S. MD Grad): An applicant who graduated from a LCME-accredited medical school prior to the year of the Match. Previous U.S. MD graduates are not sponsored by their medical schools.
- *Previous Graduate of U.S. DO Medical School* (U.S. DO Grad): An applicant who graduated from AOA COCA-accredited medical school prior to the year of the Match. Previous U.S. DO graduates are not sponsored by their medical schools.
- *Student/Graduate of Canadian Medical School* (Canadian): A senior student or graduate of a Canadian school of medicine accredited by the Committee on Accreditation of Canadian Medical Schools (CACMS).
- *Graduate of Fifth Pathway Program* (5th Pathway): A graduate of a U.S. Fifth Pathway program.
- *U.S. Citizen Student/Graduate of International Medical School* (U.S. IMG): A U.S. citizen who enrolled in, or a graduate of, a medical school outside the United States and Canada that is not accredited by the LCME, the AOA COCA, or the Committee on Accreditation of Canadian Medical Schools.
- *Non-U.S. Citizen Student/Graduate of International Medical School* (Non-U.S. IMG): A non-U.S. citizen who enrolled in, or a graduate of, a medical school outside the United States and Canada that is not accredited by the LCME, the AOA COCA, or the Committee on Accreditation of Canadian Medical Schools.

In this report, applicant types are sometimes combined into a smaller number of groups.

- *Foreign-Trained Physicians*: Includes U.S. citizen and non-U.S. citizen students and graduates of international medical schools.
- *Others*: Includes previous graduates of MD and DO medical schools, Canadian and Fifth Pathway applicants.

Couple Any two applicants who register as a couple in the Match. The NRMP allows couples to form pairs of choices on their primary rank order lists, which are considered in rank order when the matching algorithm is processed. Couples match to the most preferred pair of programs where each partner has been offered a position.

PGY-1 & PGY-2 Post-graduate year one and post-graduate year two.

Program Type	<p>The NRMP classifies programs for the Main Residency Match into five types:</p> <ul style="list-style-type: none"> <li>• <i>Categorical</i> ("C") programs: Post graduate year one (PGY-1) programs that provide the full training required for board certification in a specialty.</li> <li>• <i>Categorical Primary Care</i> ("M") programs: PGY-1 programs in medicine and pediatrics that provide a training emphasis on primary care.</li> <li>• <i>Preliminary</i> ("P") programs: One-year transitional or specialty programs.</li> <li>• <i>Advanced</i> ("A") programs: Specialty programs that begin the year after the Match and after one or more years of required preliminary training.</li> <li>• <i>Physician</i> ("R") programs: Specialty programs that begin in the year of the Match and are reserved for physicians with prior graduate medical education. Positions in these programs are also known as "Physician Positions".</li> </ul>
SOAP	<p>The Supplemental Offer and Acceptance Program® (SOAP®) is a process by which eligible unmatched applicants in the Main Residency Match apply for and are offered positions that did not fill when the matching algorithm was processed.</p>

\* Applicants can rank multiple specialties. As an example, in 2025, 2,114 applicants matched to either a PGY-1 or a PGY-2 Advanced Anesthesiology positions; of those applicants, 1,516 were U.S. MD seniors.

\*\* Physician (R) positions are PGY-2 positions starting in the year of the Match that are reserved for applicants who have had prior graduate medical education. Physician positions are not available to senior medical students.

▲ Denotes that the percentage increase in active applicants for this group was greater than the overall increase of 11.1% for all active applicants between 2021 and 2025.

\* Applicants who submitted a certified rank order list of programs

**Note:** Match rates are based on all active applicants regardless of their ranking behavior. Therefore, applicants who matched to PGY-1 positions are counted as matched even if they ranked and did not match to a PGY-2 position.

Applicants who ranked only advanced and physician (R) programs are counted as unmatched in this table because they did not match to a PGY-1 position.
