

Introduction to the 2026 Main Residency Match

National Resident Matching Program
Jeanette Calli, MS, Chief of Match Operations

Agenda

1. About the NRMP
2. Applicant Eligibility
3. The Matching Process and Timeline
4. Registering for the Match
5. Match Policies
6. Voluntary ROL Lock
7. Making the Match
8. 2025 Match Outcomes
9. Support and Resources

Who We Are

**The National Resident Matching Program® (NRMP®),
also known as The Match®**

- Independent, private not-for-profit organization
- First Match run in 1952
- Incorporated in 1953

The Match was developed at the request of medical students to eliminate problems that plagued the residency recruitment process.

- Research on the NRMP algorithm was a basis for awarding the 2012 Nobel Prize in Economic Sciences

The NRMP is governed by a Board of Directors that includes medical school deans, program directors, students, residents, fellows, and a public member.

Why the Match?

Fair

Allows applicants and training programs to consider each other without pressure and to develop rank order lists that reflect their true preferences.

Efficient

Optimizes the choices of applicants and programs, ensuring each achieves the most preferred training choice possible.

Reliable

Eliminates common recruiting problems such as early or exploding offers, and applicants holding onto or reneging on offers in search of better options.

Transparent

Provides applicants, programs, and the medical education community with valuable data about Match outcomes and training preferences to address future recruitment and workforce needs.

NRMP Matching Programs

2025 Main Residency Match®

- 47,208 active applicants
- 6,226 program tracks
- 43,237 PGY-1 and PGY-2 positions
- 94.3% overall position fill rate
- 99.4% position fill rate including the Supplemental Offer and Acceptance Program® (SOAP®)

Programs must be ACGME-accredited
Includes all specialties except Ophthalmology & Urology

Specialties Matching Service® (SMS®)

22 Fellowship Matches for the 2025 appointment year

- 6,334 programs in 77 subspecialties
- 14,620 positions
- 12,390 positions (84.7%) were filled
- 14,833 applicants participated in at least one SMS Match and 83.5% obtained a position

Applicant Eligibility

Applicants must be registered in the NRMP and verified by March 4th to participate in the Match and SOAP.

There is no separate SOAP registration.

To participate in the Match and SOAP, you must **register with NRMP**, and be **verified** as eligible to enter GME on July 1, 2026

- Applicants must fulfill all requirements in time to be verified.
- How an applicant is verified depends on applicant type:
 - ✓ The ECFMG® verifies credentials of International Medical Graduates (IMGs)
 - ✓ Medical Schools verify eligibility for US MD and DO Seniors and Graduates
- Either the school or the NRMP withdraws applicants whose credentials are not verified by the Rank Order List (ROL) Certification Deadline of **March 4th**
- Each sponsoring institution (e.g., a teaching hospital) may have additional eligibility requirements

U.S. MD/DO Eligibility Verification

U.S. MD and DO Seniors:

- Eligibility to participate is based on the graduation requirements of the sponsoring medical school
- As sponsored applicants, U.S. seniors cannot withdraw themselves from the Match
- The sponsoring medical school is responsible for withdrawing sponsored applicants, if necessary

U.S. MD and DO Graduates:

- Medical schools verify the credentials of U.S. MD and DO graduates
- As Independent Applicants, U.S. MD and DO graduates can withdraw themselves from the Match

Verification begins when ranking opens on February 2, 2026.

Medical schools are notified of their verification responsibility.

IMG Eligibility Verification

IMGs MUST:

- ✓ Meet the medical science examination requirements and the clinical and communication skills requirements for certification by ECFMG®, a division of Intealth™
- ✓ Have passing results and satisfactory completion of these requirements by the NRMP Rank Order List (ROL) Certification Deadline of March 4, 2026

NRMP conducts weekly data exchanges with ECFMG.

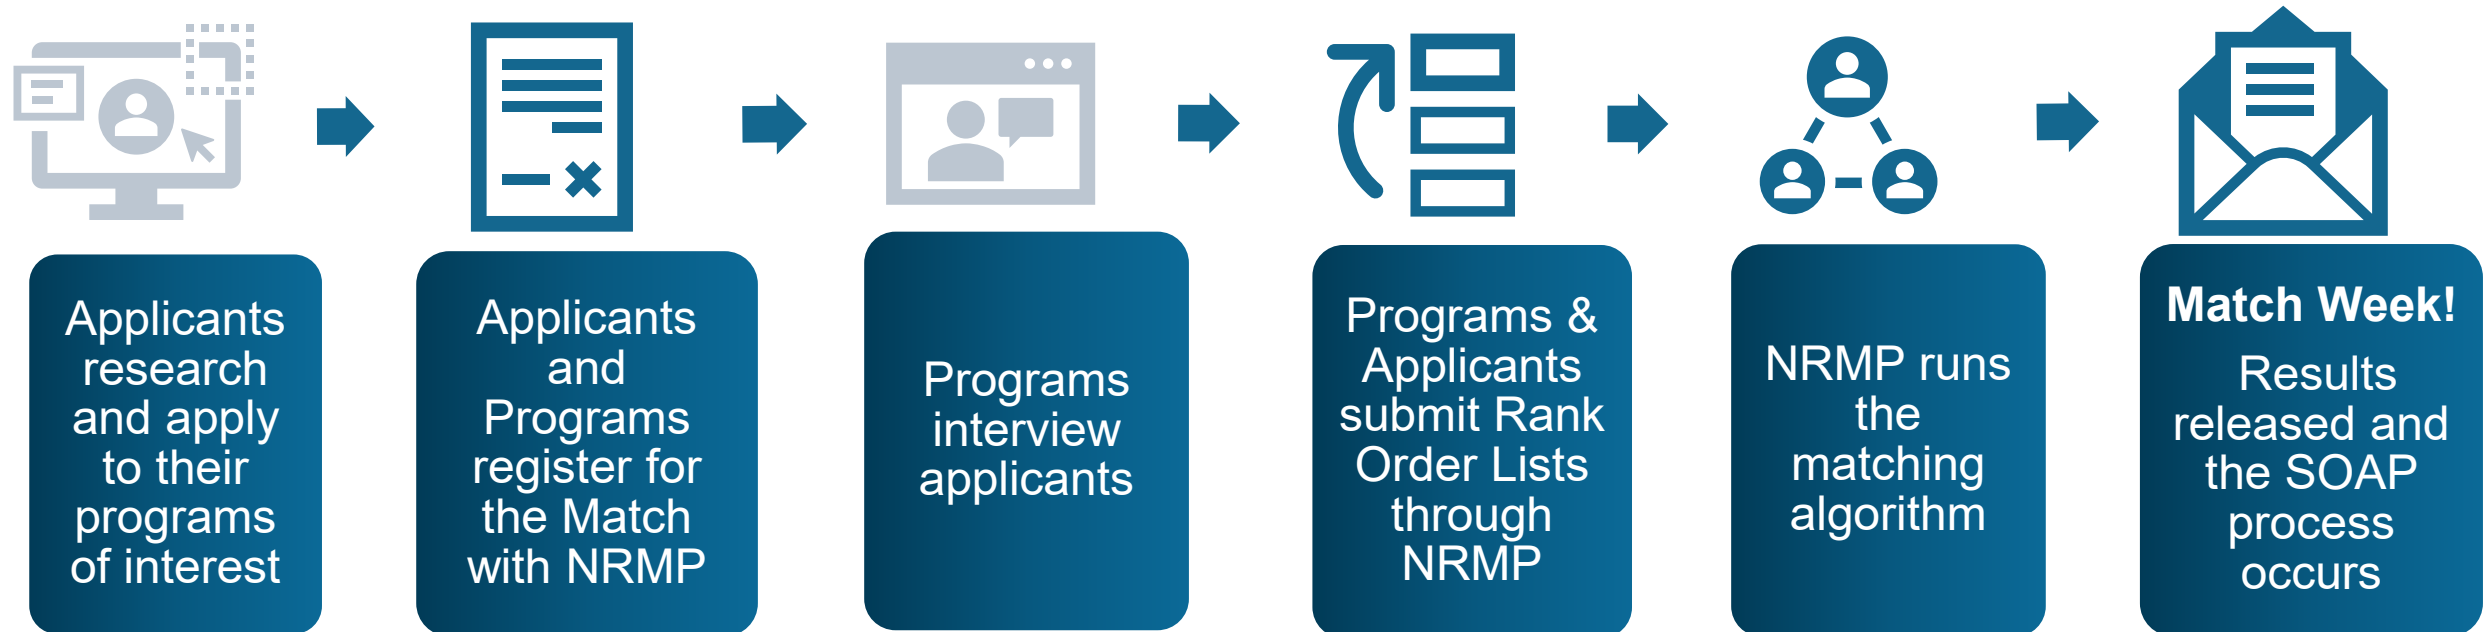

- NRMP provides a list of IMGs who have registered for the Match
- ECFMG verifies whether each IMG has met the Match participation requirements

Verification will display to applicants in the NRMP's R3 system beginning October 10, 2025

ECFMG Requirements

The Application and Matching Process

Applying to Programs

NRMP and the different application services are separate organizations with separate systems.

- The most widely-used application service is the AAMC's Electronic Residency Application Service (ERAS®)
- ResidencyCAS is the application service being used by OB/Gyn and Emergency Medicine programs

Applicants apply and programs review applications and supporting materials in the application system used by the program, NOT in the NRMP system

- NRMP is the matching service where applicants will register, rank programs, and receive Match results
- NRMP partners with the application services to conduct SOAP

Programs and applicants register for both the application and the NRMP separately

2026 Main Residency Match Calendar

Monday, September 15
12:00 P.M. ET

NRMP Match Registration Opens for Applicants

Wednesday, September 24

Applications available to programs using ERAS®
Application Deadline for ResidencyCAS – programs in Emergency Medicine & Obstetrics-Gynecology

Wednesday, October 1

Applications available to programs using ResidencyCAS

Friday, January 30
11:59 P.M. ET

Standard Registration Deadline for Applicants

Monday, February 2
12:00 P.M. ET

Ranking Opens for applicants and programs

Wednesday, March 4
9:00 P.M. ET

Rank Order List (ROL) Certification Deadline for applicants & programs

- IMG applicant deadline to meet ECFMG verification requirements.
- Registration Deadline - Applicant late registration for the Match and SOAP and Match withdrawal deadline.

2026 Match Week & SOAP

Monday, March 16

10:00 A.M. ET

SOAP Begins

Program and Applicant Match Status Released

Tuesday, March 17

Programs can review SOAP applications in their preferred application service, interview, and begin creating Preference Lists in NRMP

Thursday, March 19

9:00 A.M. – 9:00 P.M. ET

Four SOAP Offer Rounds

Friday, March 20

12:00 P.M. ET

Match Day!

≈ July 1

Training Begins

Registering for the Main Residency Match

The screenshot shows the The Match website interface. At the top, there is a navigation bar with the logo, links for About, Insights, Policies, and FAQs, and a prominent yellow 'LOG IN/REGISTER' button. Below this is a dark blue header with the logo, a user icon, a 'Login' button, and two registration options: 'Register for Residency' (highlighted with a red box and a red arrow) and 'Register for Fellowship Match'. The main content area is titled 'All Returning Users' and contains instructions for returning users. It includes a login form with fields for Username and Password, both marked as required. A link for 'I forgot my Username or Password' is provided below the password field. A 'Login' button is at the bottom of the form. The footer contains dates: July 24, 2025, July 22, 2025, and July 17, 2025.

Step 3: Academic and Demographic Information for Research Purposes

As part of the Match registration process, the NRMP asks you to provide academic, demographic, and, where applicable, additional citizenship and post-graduate training information. The information will be used to help the NRMP better understand the applicants that participate in the Match, develop projects and collaborations that disseminate important research findings about the Match experience, and generate reports that provide insight into physician distribution across the United States. It is our hope that the information, as used by the NRMP, will help medical schools, GME training programs, and applicants like yourself make informed decisions in the Match.

Allowing the NRMP to use the information you provide is voluntary. Your Match results will not be affected if you elect not to provide the NRMP with your information. Perhaps more importantly, your information will be used primarily for reporting and research purposes. The NRMP may share your information in an identifiable format only when it has entered into a binding, confidential data sharing agreement. Please note that the NRMP will

- Never incorporate your information in any way into the matching algorithm;
- Never provide your information in an identifiable format directly with an independent third party that is not subject to a binding, confidential data sharing agreement;
- Never provide your information in an identifiable format directly to programs;
- Never publish your information in an identifiable format without your explicit consent;
- Never make information sharing mandatory as part of Match registration (there will always be an opt-out provision).

The NRMP will receive USMLE and COMLEX-USA licensure exam data from the National Board of Medical Examiners and the National Board of Osteopathic Medical Examiners by way of binding, confidential data sharing agreements. Licensure exam score data will be used for the purpose of research and analysis and will not be distributed in an identifiable format to any program or independent third party.

The voluntary data reporting being requested has been reviewed in accordance with the NRMP's data collection policies and procedures. To reinforce the voluntary nature of this data collection, each question includes a 'prefer not to answer' option.

If you consent to allow the NRMP to use your information for research and reporting purposes, please click 'Next' at the bottom of the screen. If you do not consent, check the boxes below.

I do not consent to my academic information being used in NRMP's research and reporting: ☐

I do not consent to my demographic information being used in NRMP's research and reporting: ☐

Please contact the NRMP data and research team at datarequest@nrmp.org with any questions.

- 7.0 Main Residency Match
 - 7.1 Categories of Program Positions
 - 7.2 Submission of Rank Order Lists

If any provision of this Agreement is found in any arbitration proceeding or by any court of competent jurisdiction to be invalid, illegal, or unenforceable, that provision shall be modified to the minimum extent necessary to achieve the purpose originally intended, if possible, and the validity, legality, and enforceability of the remaining provisions will not be affected or impaired and are to be enforced to the maximum extent permitted by applicable law. If any remedy set forth in this Agreement is determined to have failed of its essential purpose, then all other provisions of this Agreement will remain in full force and effect.

Failure of any party to act or exercise its rights under this Agreement upon the breach of any other terms hereof by any other party is not to be construed as a waiver of such a breach or prevent such party from later enforcing compliance with any or all of the terms hereof. This Agreement contains the entire agreement between the parties with respect to the Match and its results. Any representations, promises, or conditions not incorporated in this Agreement will not be binding upon any of the parties. No modification of this Agreement shall be effective unless in writing and executed by the party against whom it is to be enforced.

I Accept

NRMP Policy

Outlines participants' unique roles and responsibilities

Establishes a binding commitment to enter training

Prohibits coercive questioning and pressure about ranking

Protects the confidentiality of rank order lists

Incorporates policies and procedures for terminating a binding commitment or investigating and alleged breach of policy

Match policies are central to managing the Match.

Match Fees

Standard Registration Fee: \$70

- Includes the listing of up to 20 unique NRMP program codes on the primary rank order list and up to 20 unique NRMP codes on all supplemental rank order lists combined.

Extra Rank Fee: \$30

- For each NRMP program code ranked over 20, \$30 per unique program code up to the maximum of 300 ranks.

Late Registration Fee: \$50 (additional after January 30)

Couples' Fee: \$45 per partner.

Length of Rank Order List Fee:

For rank order lists with 100 or more ranks, the following additional charges apply:

100-150 ranks: \$50

151-200 ranks: \$100

201-250 ranks: \$150

251-300 ranks: \$200

Participating as a Couple

Any two applicants can participate in a Match as a couple:

- Allows two applicants to link their rank order lists
- A couple will match to the most preferred *pair* of programs on their rank order lists
- Applicants must register individually for the same Match
- Once an applicant sends a couple request to the partner, the couple fee is due regardless of whether the request to couple is accepted

Couples in the
Match info

Types of Programs in the Match

Categorical	C	Training that is 3-7 years in length, begins in the PGY-1 year, and leads to specialty board certification.
Primary Care Categorical	M	Categorical programs in primary care offered by some <u>Internal Medicine</u> and <u>Pediatrics</u> programs.
Preliminary	P	Training that is one year in length in transitional, medicine, surgery, or other specialty programs and provides the prerequisite training for advanced programs.
Advanced	A	Training that is 3-4 years in length in specialty programs that begin after one or more years of preliminary training. Advanced positions in the 2026 Match are PGY-2 positions that begin in 2027.
Reserved-Physician	R	Training in specialty programs reserved for physicians with prior graduate medical education and who can enter advanced training in the year of the Match. Reserved-Physician positions in the 2026 Match are PGY-2 positions that begin in 2026.

Program Codes

Every program has a unique 9-11-character code:

- Characters 1-4: the institution code
- Characters 5-7: the ACGME specialty code
- Character 8: program type letter
- Character 9-11: track number

Ex: 1000400C0

Codes can be found in the R3 or public Program Directory. Programs also should provide the NRMP program code to assist you in ranking.

Voluntary Locking Functionality for Program Rank Order Lists (ROL)

Internal Medicine, Pediatrics, and Vascular Surgery are participating in the pilot

Programs announce their intention to participate in the pilot

Lock could be implemented voluntarily by a program anytime after ranking opens and either before the first post-interview or by Feb.9

Program's participation and lock status will be indicated to applicants and medical schools in the NRMP's R3 system

ROL must be certified before being locked and once locked, the ROL cannot be changed. Locking is irreversible.

Please check out the website or contact pilot@nrmp.org with additional questions.

Voluntary Program Rank Order List Lock Pilot

The National Resident Matching Program® (NRMP®) is pleased to announce the Voluntary Program Rank Order List (ROL) Lock Pilot initiative with the partnership of the Internal Medicine, Pediatrics, and Vascular Surgery specialties. Programs in those three specialties will have the opportunity to participate beginning with the 2026 Main Residency Match cycle. This pilot will make it possible for the NRMP, and participating programs, to explore the merits and utility of voluntary functionality that would allow programs to “lock” their rank order lists in the NRMP’s Registration, Ranking, and Results® (R3®) system.

<https://www.nrmp.org/voluntary-program-rank-order-list-lock-pilot/>

Making the Match

The matching algorithm is applicant proposing - the process begins with an attempt to match an applicant to the program ranked #1 by that applicant

A tentative match occurs if the program also ranked the applicant and:

- the program has unfilled positions or
- the program is filled but the applicant is ranked higher than another applicant already matched tentatively to the program

Main Residency Match Week and SOAP

- Match Week is March 16 – 20, 2026
- Begins at 10:00 a.m. ET on Monday and ends at 12:00 p.m. ET on Friday when applicants and programs learn the results of the Match
- Positions unfilled after the matching algorithm has been processed are offered to eligible applicants through the Supplemental Offer and Acceptance Program® (SOAP®)

What is SOAP?

SOAP is not another Match

Applicants apply to programs using the application designated by the program

Programs review applications, contact applicants of interest, and express preferences with lists of applicants created in the R3 system

Unfilled positions are offered to eligible applicants on the program's preference list in a series of four rounds

Positions offered and accepted constitute a binding commitment under the Match Participation Agreement

2025 Main Residency Match By The Numbers

Positions

Total Positions:	43,237	↑ 1,734	4.2% from 2024
